Dr. C. W. BENSON,
BALTIMORE, MD.,
Inventor and Proprietor of the
[illegible]

These Pills have met with the most Remarkable Success as is attested by the Immense Sales they have Attained.

Parsons, Bangs & Co., have sold Eighteen Hundred Dozens the Past Year.

Hundreds have testified to the Benefit they have derived from their use in the cure of Sick Headache, Nervous Headache, Neuralgia, Nervousness, Paralysis, Sleeplessness and Indigestion.

It is a Fully Established Fact, Based on Actual Experience, and There is No Kind of Doubt but They Will Cure These Diseases.

DR. C. W. BENSON'S CELERY AND CHAMOMILE PILLS are prepared expressly to cure Sick Headache, Nervous Headache, Neuralgia, Nervousness, Paralysis, Sleeplessness and Indigestion or Dyspepsia, and will cure any case, no matter how obstinate, if properly used. They are not a cure-all, but only for those special diseases. They contain no opium, morphine or quinine, and are not a purgative, but regulate the bowels and cures constipation by curing or removing the causes of it. They have a charming effect upon the skin, and a lovely, quieting effect upon the nervous system, simply by feeding its ten thousand hungry, yes, in some cases starving absorbants. They make or create nerve matter and give power, force and buoyancy to the nerves, and in that way increase mental force, endurance and brilliancy of mind. Nobody that has a nervous system should neglect to take them two or three months in each year, simply as a nerve food, if for no other purpose. Price 50 cts. a box, or six boxes for $2.50, sent postage free. Sold by all druggists, and by

Professor Duncan Campbell, M.D., LL.D., *President Royal College of Physicians and Surgeons,* etc., etc., says: "It has more than realized my expectations."

Professor J. M. Carnochan, M.D., *Professor of Surgery New York Medical College,* says: "My patients derive marked and decided benefit from it."

Professor H. Goullon, M.D., *Physician to the Grand Duke of Saxony; Knight of the Holy Cross,* etc., says: "It gives more tone than anything I have ever prescribed."

Sir Robert Christison, M.D., LL.D., F.R.S., *Physician to her Majesty the Queen; President Royal British Association,* etc., etc., says: "The properties of the Coca are the most remarkable of any known to the medical world. From repeated personal trials I am convinced that its use is highly beneficial and tonic."

Valuable in malaria; ague; malarial debility; dumbague; low fever; marasmus; paralytic; spinal and nervous affections; female weaknesses; bilious and liver affections; weak throats; palpitation and other affections of the heart; epilepsy or falling sickness; weakness of the voice of actors, singers, publicspeakers and clergymen; colic; flatulency; seasickness; falling out of the hair; asthma; shortness of breath; wasting diseases; etc., etc. It is gratefully refreshing and restorative after prolonged mental and physical strain. It is pleasant and agreeable, and is readily retained by the most delicate stomach. Dr. McBean (British Medical Journal) found it of great service in consumption. Baron von Humboldt says he has never known a case of consumption or asthma among those accustomed to its use, and that they live to a great age, retaining their mental and physical faculties to the last (Cosmos).

STATE NEWS.

Androscoggin.

Mr. Mark Stevens, of Livermore Falls, aged 8? years, was found dead in his bed, Sunday morning. He died apparently without a struggle.

The Auburn manufacturers are finding a rally of customers in Boston. There are forty-eight boot and shoe buyers now there, which is quite an increase since a week ago. The outlook for the season is good.

Mr. A. J. Elliot, of Lewiston, was leading a horse, Sunday; when the horse lifted one of his hind feet, and now Mr. Elliot's face is disfigured by several square inches of court plaster. A bad gash was cut in his cheek.

An Auburn man pickled 14,000 dozens eggs, the past season, and is now selling them for double what the quotations were when he bought them. He will be considerable wealthier after the spec than he was before. There have been few years when egg speculators have had such a big chance. It is said one man in Belgrade, has made $30,000 in egg speculations. Egg sellers get their own price, now.

The Androscoggin Water Power Company is "booming" the logging business in the vicinity of Andover. They employ Harmer Brothers with 20 men and 14 oxen, Thomas & Hodgkins with 45 men and about 40 oxen and horses, Levi W. Kilgore, with 16 men and 12 oxen, and R. H. Wheeler with 25 men and 16 horses. They intend to have cut during the winter of '80 and 81, about five million, and with the balance of their last year's stock will have about eight million for next summer's consumption.

Aroostook.

Capt. Moses Rose, one of the early settlers of Presque Isle, died instantly of apoplexy on Friday morning of last week. He had one attack before, but was quite well until Friday morning, when dressing himself, he fell over and expired in a few moments. His age was 77. He was formerly a resident of Charleston, Penobscot county. He was one of the best citizens, and his funeral was attended by a large number of town's people.

James M. Barto has sold his saw-mill property in Presque Isle village, to Johnson & Phair for $10,000. Johnson & Phair who already own four starch mills, viz., one in the town of Maysville, Eaton, Mapleton, and Ashland, will build another next spring in the town two miles north of the Houlton road. Another will also be built next year in Presque Isle, near the line of Westfield by Collins & Howe, of Bridgewater.

It is reported that a starch mill will be built in East Washburne, about five miles from Presque Isle village. That will make seven starch mills within a circuit of six miles around and in Presque Isle village. These mills have a capacity for using not less than 600,000 bushels of potatoes in a year, which will make 3000 tons of starch. The potatoes yield the farmers a harvest of $150,000 at 25 cents per bushel, and the starch at $80 per ton, is worth to the manufacturer $240,000. The valley of the Aroostook is becoming a great country.

Cumberland.

Friday night some person, then unknown, secreted himself in the rooms of the Portland Fraternity and robbed the drawers of $90. Marshal Bridges has been investigating the case and Monday, arrested the burglar and obtained a full confession from him. The man is Rollin M. York, about 35 years of age, whose mother keeps a bleachery. The janitor of the Fraternity rooms was well acquainted with York, who was accustomed to frequent the place in the evening. On this particular night the janitor remembered that he had seen him, but did not recall to mind that he had seen him go out. From this clue the Marshal worked up the case, and although there was no direct evidence against the man, he scared him into a confession. The stolen money was found on him to the exact amount that was missed. York had evidently been afraid to spend any of it for fear of exciting suspicion.

Mr. Henry R. Stickney, of Portland, was stricken with a paralytic shock at his office, Monday afternoon. A gentleman went in about two o'clock and found him lying unconscious. He had sat down in a chair, which had overturned. He had evidently been writing at his desk, for an unfinished letter was lying there. An ambulance was procured and Mr. Stickney taken home. A physician was called, and succeeded in restoring him to consciousness, and he was able to converse. Last evening he was quite comfortable. The Dr. anticipates no serious results. Mr. Stickney is eighty-one years old, and his health has not been good for some time.

Capt. Ebenezer M. Corry, died at the Greely Hospital, Portland, Monday morning, at the advanced age of 87 years. For many years he was a well known captain from that port.

The coroner's inquest in the matter of the alleged child murder case at Saccarappa, was called for Monday, at that village, but it was adjourned until Saturday next without doing anything, owing to the storm.

The grand inauguration ball to be given in the City Hall, Portland, on the 4th of March next, is in the hands of the City Committee, who intend to make it the most brilliant affair of the season. They have placed the decorations in the hands of the Boston Decoration Co., whose manager, Mr. George N. Beal, furnished the superb decorations for the Grand Army reunion. On this occasion the quantity and arrangement of streamers, the various designs, brilliants, and set scenes will surpass anything ever before seen at a ball in Portland.

The Maine Central, near their station at Morrill's Corner, are preparing to lay a new track to accomodate the fast increasing business at that place. At Woodford's, the road is building a new house for the better protection of the gate tender at that point.

Mr. Elder of Morrill's Corner, is engaged in logging upon the estate of the late Geo. Frost. The growth he is cutting is the original. The trees have withstood the rough weather of many years. He has already hauled to market nineteen trees some 125 ft. in length and from 4 to 6 ft. in diameter. These are to be used for masts.

The Sunday *Times* relates the following accident: A lady living in Deering, accidently hit her foot against the foot board of a bedstead in rising from the couch, and as the board was cracked and a splinter protruded from it, she thrust the splinter under her great toe nail. The wound festered, and two or three days later she went into convulsions, and at one time was threatened with lock-jaw. She is now improving.

Kennebec.

A boy named Pray, had two fingers snipped off by a planing machine at Wyman's mill, Augusta, Monday.

The Readfield Woolen Manufacturing Co., have started their mill by steam which the workmen says gives them a very much stronger and better power than water does.

D. D. Merriman's coat manufactory, of Readfield, now presents a very busy scene, furnishing employment to quite a number of hands.

Oxford.

Lumbermen at Andover, report the best December for logging they ever knew. Hammond's crew have landed about 400,000 feet of spruce.

There is much sickness in Bethel, lung fever being prevalent. Mr. Kinsbury died last Tuesday, with heart disease. The wife of Mr. William Farwell, is dangerously sick.

Mr. Charles Bryant, of Bethel, made an attempt to commit suicide last Saturday by eating a quantity of Paris green. A physician was summoned in season to save the unfortunate man. Cause of the rash act, despondency.

The firm of Woodbury & Purington, of Bethel, which does an extensive business in corn and flour, has sold to the farmers and lumbermen, some over three thousand bushels of corn since the middle of October.

There met on Christmas morning at the house of Mr. Henry C. Berry, of Hebron, all of the living descendents of Zeri Berry, esq., of Canton, consisting of three sons, Henry O. Berry, of Hebron, Wm. F. Berry, of Canton, Charles W. Berry, of Turner, their children and grand-children, also the children of a deceased sister. There were twenty-six present. All were singers but two. There were none that used tobacco in any form, or intoxicating drinks. All vote straight Republican tickets, and all have enlisted in the cause of Christ.

The new Woolen mill, at Kezar Falls, is progressing finely. The frame of the main building is nearly all completed. It is 4? x 65 and four story high including basement. The stories are ten feet in height. They are to have an L 46 x 31 feet, and one story high. The water to run this mill is to be taken from the flume of the saw mill above, in a pen-stock 180 feet long, and four feet in diameter, and hooped every two feet with 1 3-4 x 3-8 inches, requiring 27 cwt. of iron for the job. This pen-stock is to be built and the water-wheel set, by the renowned millwright, John A. Hubbard, esq., of Limington. The mill will be in running order early in the spring.

A shoe factory and machine shop are now much talked of as the next move to improve the business capacity of Kezar Falls, and when such enterprising men as those who have undertaken the woolen mill say, "we will," business may be expected as the sequel.

The shoe factory at South Paris, is turning out a large amount of work. It is employing more hands than it has ever employed before.

Mr. E. W. Ayer of South Waterford, met with a singular accident Sunday night. He went into his stable, to hold a lamp for Mr. Frank Morse, to drive in with his team, when he stepped his whole weight upon the head of a hoe and the handle flew up and struck him violently in the left eye. Mr. Ayer fell as if struck by a thunderbolt, and his eye was nearly knocked from the socket, his lamp was broken, the kerosene spilled, which took fire, and what with his injuries and his attempts to smother the flames with his coat, he had a serious time of it. Luckily his eye was not seriously injured.

Sagadahoc.

Workmen are about getting out a keel at the Albert Hathorn yard, in Bath, for schooner to be built by Messrs. Adams & Hitchcock.

The loss by fire of Mr. J. F. Hayden's ice house at Sewall's pond, Bath, will necessitate the building of a new house, the work on which will be commenced this week.

Somerset.

Norridgewock is to have a course of lectures, the first by Rev. R. L. Howard, of Bangor, on the evening of Jan. 11th, Subject "Vicksburg and Montgomery." Other lectures will follow, by Rev. F. W. Bakeman of Auburn, on "Pride and Vanity;" Rev. A. C. Herrick of Freeport, on "Rome and Pompeii;" Dr. Nathaniel Butler of Hallowell, on "Fighting;" Rev. A. L. Park of Gardiner, on "A visit to Chamouney." ——As Mr. J. H. Lawton, of Norridgewock, was driving into his yard from the street a few days since his horse carried his head above a clothes line which was stretched across the yard. In the fracas a stake by which the line was supported swung into the air striking Mr. L. in the face and fracturing the upper jaw bone. ——A brother of Dr. L. Brown, of Norridgewock, who has been engaged in mining in Deadwood, for a year or two, lost the sight of both eyes by a premature discharge of a blast which he was engaged in making. The accident occurred Nov. 26th, 1880.

THURSDAY, JAN. 13, 1881.

PLAISTED "DECLARED" ELECTED GOVERNOR.

The Legislature yesterday voted 27 to 3 in the Senate and 129 to 8 in the House to declare that Harris M. Plaisted has been elected Governor of Maine by a plurality of votes.

By the same remarkable majority the Legislature refused to ascertain in the only constitutional manner whether the Constitution has been so amended that a Governor could be elected last September by a plurality.

The members of a Legislature have the power to vote yea or nay upon any proposition; their voting has validity only in so far as it is authorized by the Constitution of the State.

A majority vote in a Legislature, however heavy, cannot make wrong right, nor make that constitutional which is not sanctioned by the fundamental law.

For months there has been serious public controversy as to the power and duty of the Legislature in ascertaining the result of the last election for Governor, and for more than a week that controversy has been earnestly carried on among members of the Legislature.

With the sole exception of last year there has never been a time in the history of Maine when there was a stronger demand than in the present case for invoking the opinion of the Supreme Court upon "important questions of law."

In view of the history of last year and the part borne therein by the Republican party, there never was a time before when we were under so strong obligations to seek and be guided by the judgments of the Court.

No honest purpose could have been harmed and no lawful right could have been impaired by ascertaining in the Constitutional manner what the Constitution requires.

By a prompt application to the Court every doubt could have been removed and a Governor might have been Constitutionally inaugurated before this date, with a title so clear that no person would think of questioning it.

Instead of doing this the Legislature has assumed power that is questioned by many of the best lawyers in the State.

It has gone to the verge of usurping the functions of the Judiciary.

It has declared Governor a candidate of whose Constitutional election hosts of honest citizens can never be convinced.

In order to do so it has adopted constructions in defiance of every precedent since the State was organized.

And after all the experience of last year it has been more self-willed than Garcelon in refusing to consult the Court, and has deliberately determined to set up a Governor in Maine whose title, to the end of his term, will rest upon a foundation of doubt.

Well, we have witnessed these epidemics of "policy" and "expediency" before now, and have lived to see them repented of. We are glad that the record is made up in black and white, and we think that THE WHIG and the few members who stood up against the pressure will not be the first to want the record forgotten. *Nous verrons!*

"THE WILL OF THE PEOPLE."

The cheapest flop-doddle urged in behalf of Plaisted has been the claim that he should be declared elected out of respect for the "will of the people." But the people gave a majority against him, and any attempt to invest an apparent plurality of 169 or 226 votes with the sanctity of an equitable representation of the "will of the people" needs no other commentary than that furnished by a reminder of the methods resorted to for his election as indicated in the following extract from Senator Blaine's despatch to Gen. Garfield, September 14:

> "In the four days preceding the election we lost *over three thousand votes* by means well known to the managers of the National Democratic Campaign, and which do not call for further specification from me. The total cost is variously *estimated at from seventy-five to a hundred thousand dollars*, and the money all came from beyond the State. Such scenes were never before witnessed in Maine."

WHY NOT?

A friend suggested last evening that after the effort of a Republican Senator to have counted for Harris M. Plaisted the Ellsworth votes *returned* and *recorded* for Harrison M. Plaisted, the Senate might have adopted a further amendment rejecting all votes returned for Daniel F. Davis, etc., and declaring Plaisted unanimously elected by the people.

A TRUE HEROINE.

[From the N. Y. Tribune.]

Miss Martha Schofield is the lady whose letter on the political condition of South Carolina, published originally in the *Tribune*, was one of the episodes of the Presidential campaign of 1876. The letter drew out a reply signed by fourteen citizens of Aiken, and led to a further correspondence from Miss Schofield, and the publication in the *Tribune* of a sketch of her life and work. She has remained in that State from that time until now, engaged in teaching the colored children; the native white people have held entirely aloof from her and have not given her the least encouragement in her work. That she has done great good is beyond truthful contradiction. An article recently published in the local paper proves that the spirit of intolerance on the part of the white Democrats still prevails and how strong is the desire on their part to expel those who dare to expose their disgraceful conduct of elections. She has made a vigorous reply to threats of expulsion. "What does expulsion mean?" she asks. "Tarred and feathed and ridden on a rail? The Southern chivalry would not do that to a woman. Or, an order to leave?—which would have no effect. A little knowledge of my family history (as pedigree seems such a passport in this State) might show those who are so desirous of expelling, that the blood in my veins is the kind that would suffer death for a principal. In 1526 the Scofields were knighted in England for bravery, and thirty years later one of my ancestors on the maternal side was burned at the stake because he would not give up his right to worship God as his conscience dictated. I am here to do the Lord's work, and though ye kill the body ye cannot harm the soul."

In a letter to the Boston *Journal* from Portland "J. H. D.," presumably Hon. Josiah H. Drummond, corrects the recent flippancy of that paper and gives the reasons for denying the retroactive application of the plurality amendment.

To the Legislature and Governor-elect Plaisted—May you be happy together.

Several correspondents report Senator Walker boasting that he is "no Court man." That was Fogg's position last year.

The Boston *Globe's* Washington correspondent says: "The four Missouri Republicans elected by aid of Democratic Greenbackers have decided that they will act with the Republicans, except as to financial measures. Messrs. Brumm and Hyatt Smith are understood to agree with this policy. That ends the Greenback party in Congress."

Gen. Anderson, the Democratic candidate for Congress in the First Maine District, proposes to contest the seat which has been given to Mr. Reed. He proposes to show cases of bribery. This will be a dangerous proceeding in a District and State in which Democratic managers declared that they had all the money they wanted and proposed to use it.—*Boston Journal*.

Vice President Wheeler authorizes a denial of the reports that he intends marrying again.

Gen. John F. Miller, who is to succeed United States Senator Booth, of California, is a native of Indiana, and was one of Senator Morton's warm friends.

PERSONAL. The Lewiston *Journal's* Augusta correspondent has the following pleasant notice of our worthy friend and ex-Secretary of State, Ephraim Flint:

> One of the most prominent *habitues* of the Secretary's office is Representative Flint of Dover. Mr. Flint is a man above the average height, now quite gray, but erect and active. Mr. Flint has served as Secretary of State for four terms—1864, 1865, 1866, 1867, and was a member of the Executive Council in 1868, as well as a member of the commission to revise the Statutes of the State. Few men in our State have enjoyed the confidence of the people more than he, for in 1850 he was elected Clerk of Courts for Piscataquis county and took up his residence in the town of Dover, which office he retained till 1863, during which year by the appointment of the Governor, he was one of the commissioners who located the normal schools at Farmington and Castine.

Gentlemen, don't all rush at once to assure Plaisted that you were the chap that did it.

An old resident of Boston writes to the Newburyport *Herald* that the late Timothy Dexter of this city "was not the simpleton he has been represented," that he was "a shrewd man who owed his success, not to luck and adventure, but to his good common sense and capacity," and that the warming pan stories were not true, but were "fictions of Dexter." In other words instead of being a fool, Dexter made fools of the community.—*Boston Post.*

"Is there any danger that the Fusionists can elect a successor to Mr. Conger?" asked a correspondent of Representative Brewer of Michigan. "None whatever," was the prompt reply. "I see that some of the Democratic newspapers are already beginning to claim the district, but they need not flatter themselves with any hope of that kind. The Republicans will carry the district by at least 2,000 majority, Fusion or no Fusion."

Even the fiery Watterson, of The Louisville *Courier-Journal*, has a pleasant word for Senator Blaine as Secretary of State. He says:

> In selecting Mr. Blaine for Secretary of State, General Garfield consults the old rule of placing at the head of the Cabinet a man chosen from the list of recognized Presidential aspirants. The precedent, as such, is a good one, for it secures the Administration a representative and able adviser, and as applied to Mr. Blaine, it promises to work well. He has, personally and officially, the qualities to make an efficient and popular member of the Cabinet. His familiarity with public business is complete; and from the reservoir of private life he is able to bring copious daughts of generous hospitality and genial good-breeding. His intercourse, therefore, with the Diplomatic Corps will lack nothing in knowledge of the world and social grace.

We can imagine the proclamation to-day—"God *save* the State of Maine!"

BURIED UNDER THE SNOW. A house near the foot of Blue Ridge in Virginia was buried under huge drifts of snow ten days ago. In it lived an old lady and her grandson, a mile away from any other dwelling. She was completely entombed by the snow drifting down from the mountain, and for several days were without food. Being reduced almost to starvation, and knowing that a relief party would not be able to find her house, she cut a hole through the roof and thrust a long pole through the snow with a gayly-colored shawl on the end. An old gentleman living a couple of miles away immediately ordered a colored man to mount a horse and take with him food and fuel. The man rode toward the house until the horse could go no further. He managed with difficulty to get back home, and his employer summoned all the hands, and getting as near to the old woman's house as they could, they worked with shovels until they cut through into the cabin. The woman and her grandson had both frozen to death.

We hope the members of last year's Judiciary Committee will be invited to occupy front seats during the delivery of Plaisted's inaugural.

But, gentlemen, you have not convinced the people that any man *was* elected Governor by a plurality last September.

A disputant who has faith in his case is not afraid to take it into Court.

ABSOLUTE CERTAINTY.
The incomparable merit of Life Insurance is to provide with absolute certainty for the family the money value of the life of the husband and father in case of his death. Whatever puts the safety of this provision in the slightest peril, or adds any element of uncertainty to it, is evil. Take certainty from life insurance, and it is not worth paying anything for; it is a broken reed, a mere delusion.

FELLOWS' SYRUP
Is a combination of Hypophosphites, originated by me in Canada while under the process of pulmonary consumption, and which has since been employed by the medical profession throughout America and England with unprecedented success.
It contains the elements essential to the animal organization, the oxidizing agents and tonics.
In combination with the stimulating agent phosphorus, possessing the merit of being slightly alkaline, and is dispensed in the convenient and palatable form of a syrup.
Its effects are usually visible within twenty-four hours and are marked by a stimulation of the appetite, the digestion and assimilation, entering directly into the circulation; it tones the nerves and muscles; exerts a healthy action of the secretions; neither disturbs the stomach nor injures the system under prolonged use, and may be discontinued at any time without inconvenience.
In a word it possesses the stimulants to arouse the strength, the tonics to retain it, and merit of a high degree.
Very respectfully,
JAMES I. FELLOWS.

EARNEST DEBATE ON THE REPORT

Strong Argument by Senator Mortland.

BUT THE MAGNANIMITY BOOM OVERWHELMING.

INAUGURATION THIS FORENOON.

[Special to the Whig & Courier.]

Senate.

AUGUSTA, Jan. 12.

Mr. Berry from the Joint Select Committee on Gubernatorial vote submitted their report, which declares that Harris M. Plaisted having received a plurality of votes returned is duly elected Governor for the current political term, 1881-2.

Mr. Mortland presented a minority report, which refers the plurality question to the Court, and moved that it be substituted for the majority report.

In support of his motion Mr. Mortland presented his views in which he stated that we were not to decide this matter as the representatives of any political party; we are not here owing allegiance to any political party. We are here to discharge a plain duty. He contended that the power was not in the Senate to declare that anybody has been elected Governor; that power has never been conferred upon us by the Constitution. Our duty is simply a ministerial one.

He maintained that a majority of votes was required to elect. The Legislature cannot elect except in a contingency. The people only can elect. He did not believe that the Constitutional amendment changed the Constitution on the day of election in September. He called attention to Article X of the Constitution relating to amendments, and showed how the Constitution can be amended. He deemed this a question of such importance that it could only be settled by the Court. It would be dangerous to do otherwise. There was a difference of opinion in this matter, and if, for no other reason than this, it should be referred to that tribunal. He cautioned the Senate not to rush through a matter of such importance. Let us go slow, and if there is a doubt let that doubt be removed by the Court. He argued it was only the intention of the Legislature last winter to substitute the word "plurality" for the word "majority" in the Constitution. This was all; nothing more. This was all the people voted upon in the resolve submitted to them, and while perhaps, the Constitution had been amended, yet there were grave doubts whether it had been amended at all. He contended that whether the plurality amendment applied to the September election or not was not adjudicated upon by the people, and it was a mistake of the Legislature last winter that it was not submitted to the people. He quoted precedent and showed that no amendment can be offered having a retroactive effect. The will of the people was not expressed at the last election when they voted on this amendment. Only some 57,000 out of 148,000 voted, about one third. He sustained his position by quoting a decision in Indiana. There were 97,000 people in Maine who had not expressed their will in favor of a change in the Constitution. Let the Court settle this matter and the people will submit gracefully.

Mr. Berry explained the action of the committee and said it was the endeavors of the committee to express the will of the people. Only two towns had been disfranchised by the committee in reaching a conclusion. These were Blaine and Gray. He favored the majority report.

Mr. Walker, of Oxford, disclaimed that any party spirit had controlled the majority of the committee in their consideration of the matter. He contended that Harris M. Plaisted had been elected by a plurality of votes. Let us move straight forward in a spirit of justice. Any other course would be not only an error but a blunder.

Mr. Dudley, of Aroostook, (Fusionist) thought that the people last fall when they voted on the amendment voted in good faith. It was their intention to apply the amendment to that election. He would ask the Senator from Knox (Mortland) if he voted for the amendment.

Mr. Mortland—I did.

Mr. Dudley thought it strange then that the Senator should have voted when the amendment according to his argument had no binding effect.

Mr. Bisbee, of Oxford, contended that when the people voted on the amendment last fall at the annual meeting, they knew just what they were voting for. The resolve had been published in the newspapers and had been posted at the polling places, and it had been read and understood by the people. He argued that the amendment had been adopted and that it applied to the September meeting. He would not plead the baby act or the Sunday law.

Mr. Emery, of Hancock, replied to the Senator from Knox, and presented the legal aspects of the case. He spoke of the object of the proposed amendment, and why the people made a change. The people wanted to avoid such a conflict as arose last winter. He discussed that the resolve had been adopted, when it took effect, and how it became part of the Constitution.

If the people voted upon anything at the September election they voted upon that resolve framed here and which has been incorporated into the Constitution. He could not assent to the proposition to invoke the Court. It was the function of this Legislature a co-ordinate branch to express the will of the people. He did not believe that our function should be arrested and brought to a stop because a few members thought something was illegal.

Mr. Mortland spoke further in answer to the arguments made.

Mr. Emery replied.

On the question of substituting the minority in place of the majority report, Mr. Lamson called for the yeas and nays which were ordered and the vote resulted as follows:

Yeas—Messrs. Fernald, Flint and Mortland.—3.

Nays—Messrs. Baker, Beatty, Berry, Bisbee, Brewer, Buxton, Clarke, Coffin, Cornish, Dingley, Dudley, Emery, Friend, Hill of Hancock, Hill of Penobscot, Jennings, Lamson, Lord, Nutting, Parcher, Pattangall, Sanborn, Sherman, Smith, Taber, Wakefield, Walker.—27.

So the Senate refused to substitute the minority for the majority report 27 to 3.

Mr. Emery moved to amend the majority report by adding the 67 votes reported for Harrison M. Plaisted from Ellsworth, to the vote returned for Harris M. Plaisted.

Messrs. Bisbee, Pattengall, Dingley and Walker opposed.

Mr. Bisbee took the ground that it would be unnecessarily establishing a precedent, but that during the present session he would introduce a bill to authorize the legislature to receive testimony and correct returns.

The amendment was rejected by the following vote:

Yeas—Messrs. Baker, Clarke, Dudley, Emery, Friend, Hill of Penobscot, Jennings, Sherman, Smith.—9.

Nays—Messrs. Beatty, Berry, Bisbee, Brewer, Buxton, Coffin, Cornish, Dingley, Fernald, Flint, Hill of Hancock, Lamson, Lord, Nutting, Parcher, Pattangall, Sanborn, Taber, Wakefield, Walker.—20.

The majority report was then accepted.

House.

The House met and took a recess until 12 o'clock, at which hour they adjourned until 2.30 P. M.

Afternoon Session.

Mr. Morrill moved acceptance of majority report from the joint committee on Gubernatorial votes which came down from the Senate.

Mr. King of Caribou, moved to substitute the minority report from the same committee for the majority report.

The yeas and nays being ordered, resulted in the rejection of the motion to substitute by the following vote:

YEAS—Messrs. Averill, Blanchard, Bradstreet of Palermo, Flint, Hatch King, McKusick, Nutter.—8.

NAYS—Messrs. Achorn, Allen, Andrews, Ashford, Bartlett, Bean, Benner, Berry, Bird, Boody, Boothby, Bradstreet of Bridgton, Bragdon, Bragg, Bridgham, Brown, Buck, Burnell, Burr, Chadbourne, Chase, Clark, Cook, Crosby of Norridgewock, Crosby of Whiting, Cummings, Cushman, Dennis, Dickey, Donnell, Doore, Eastman, Eaton, Eldred, Estes, Folsom, Foss, Freeman of Cherryfield, Freeman of Lincolnville, Gilbert, Glidden, Goodale, Goodall, Goodwin of Hudson, Goodwin of Shapleigh, Goss of Auburn, Hall, Harding, Harris, Haskell, Heath, Hersom, Hilton, Hopkins, Hutchinson of Lewiston, Hutchinson of Houlton, Jones of Winthrop, Jones of Brighton, Jordan, Keegan, Kendall, Lang, Leavitt, Leighton, Leland, Libby, Linscott, Livermore, Lord of Bangor, Lord of Kennebunk, Loud, Mallett, Marble, Marston, Maxcy, McAllister, McKellar, Means, Morrill, Nickerson of Brewer, Nickels, Norris, Noyes, Packard, Parker, Parsons, Partridge, Perley, Pitcher, Purington, Redlon, Rowe, Rowell, Ritchie, Sargent, Seavey, Shaw, Smith of New Sharon, Smith of Buxton, Sprague, Staples of Biddeford, Staples of Dayton, Staples of Parsonsfield, Staples of Eliot, Strout of Portland, Strout of Cape Elizabeth, Sturdivant, Swan, Sweat, Tarbox, Thatcher, Thompson, Torry, Trafton, True, Trufant, Varney, Verrill, Vinal, Wardwell, Ware, Waters, Webb, Wentworth of Gardiner, Wheeler of Eastern, Wheeler of Etna, White, Wilder, Wyman.—129.

On motion of Mr. Dickey of Fort Kent, the Speaker of the House and President of the Senate were directed to notify Harris M. Plaisted of Bangor, of his election as Governor of Maine for 1881 and 1882. The House then adjourned.

Harvey. A. McNichol and E. K. Smart are for the defence. The State closed examination of witnesses at noon to-day. The parents of the accused, his former school teachers, playmates and neighbors have been called to testify. Later.

The examination of the witnesses in the Longmore boy case was concluded this evening. The arguments will commence on the opening of the court to-morrow morning. He was a man of strict integrity of whom it could truly be said "his word was as good as his bond," and his loss will be sincerely mourned by a very circle of friends in this city, where he has ever been held in high esteem. He was found by friends, in an exhausted condition, and conveyed to his residence on Arapahoe street. The following morning he was taken to the Ladies' Relief Home where he lingered until yesterday morning, when he died. Deceased was a native of Bangor, Maine, where he was well connected and favorably known. During his stay in Denver he had made many friends, and it will be a great solace to his family, who have been notified of his untimely taking off, that everything possible was done to prolong his life.—*Denver Republican, Jan. 5th.*

PORTLAND, BANGOR AND MACHIAS STEAMBOAT COMPANY. The annual meeting of the stockholders of the Portland, Bangor and Machias Steamboat Company was held Tuesday afternoon, in Portland, President W. F. Milliken in the chair. The call of the meeting having been read, the Treasurer, Geo. L. Day, presented his report for the past year, and on motion of Hon. George Walker it was accepted and ordered on file. The following directors were then elected unanimously, 1129 shares of stock being represented: Weston F. Milliken, Portland; J. B. Coyle, of Portland, W. G. Davis, Portland, Samuel C. Lawrence, Boston. At a subsequent meeting of the directors the following officers were chosen: President, W. F. Milliken; General Manager, Edward Cushing; Treasurer, George L. Day. The earnings of the steamers City of Richmond and Lewiston were $127,095.60 for the year, showing an increase of 11,595.79 over last year. The sum of $30,654.20 was spent on the steamers in improvements and general repairs. The old debt of the company has been reduced about $4,000.

A SAD CASE. At about two o'clock this morning a little girl accompanied by a woman came down town and notified the police that her father, Tom Griffin, was abusing her mother. Officers McCoy and Colson immediately started with the child for the house, which is located near the Water Works, to arrest this miserable brute. Griffin seems to think that his wife was created for him to beat, and as he has frequently been guilty of this offence we hope that he will receive the punishment he richly deserves. The little girl when she came after the police was thinly clad and looked as though she was suffering very much with the cold. The officers found the house in a state of confusion, what little furniture it contained being wrecked, while Tom and a large calf occupied the kitchen together. They brought the former down to the station house and placed him in close quarters for the rest of the night.

STRUCK ON THE HEAD BY A PIECE OF ICE. Yesterday afternoon as an Irish lady was passing in front of Kenduskeag Block she was struck on the head by a piece of falling ice which prostrated her on the sidewalk. Some men immediately went to her assistance and she was taken into Patten's drug store where she was attended by a physician. It was found that she had escaped with a scalp wound which was properly dressed and the patient sent home in a sleigh. These pieces of hanging ice on the buildings about the city should be removed at once before they cause a more serious accident.

A PLEASANT OCCASION. Last evening a very pleasant party of ladies and gentlemen to the number of about sixty, assembled at the Exchange to greet Mr. Al. Thayer, the popular clerk of that hotel, and his bride. Mr. Thayer was married a short time since, returning home with his wife last Friday, and his many friends in this city concluded to give them a cordial reception. Messrs. Babb and Powers officiated as masters of ceremonies which is sufficient guarantee that the occasion was a pleasant one, and, in fact, such was the unanimous verdict of all present. Mr. Kimball presided at the piano, while the party enjoyed a social dance, after which an excellent supper was served. At a late hour the company disbanded, all uniting in wishing the happy couple a long and peaceful life.

SPORTING. We have noticed with pleasure, during the past year, the interest manifested among the sporting community, in the breeding and manipulation of fancy strains of hunting dogs. Foremost among the above may be mentioned the name of Mr. H. W. Durgin, the prime mover of wing-shooting in this section of the country, whose kennel of fancy "Lewellen Setters" cannot be equalled in New England. We understand that Mr. Durgin has lately added to his kennel a pup of rare beauty and elegance of movement. Capt. Fairbanks, our genial insurance agent, comes next in order. Mr. F's kennel is made up of Clumber Spaniels, one of which accompanied him on his long and wearysome tramp when "lost in the Maine woods." The Clumber is a loving and domestic dog. The kennels of Messrs. Daley, Neal, Green and York are also worthy of mention. Any of the above named gentlemen are true sportsmen, and always ready to answer any questions pertaining to their kennels upon application either in person or by letter.

INSTALLATION. The following named officers elect of Stephen Davis Post No. 11 G. A. R., Pittsfield, for the year 1881 were publicly installed at Post Head Quarters last week by John F. Foster, Chief Dept. Mustering Officer, assisted by Surgeon General Comrade William S. Howe of Post 11, as Officer of the Day, as follows: Joseph P. Tuttle, Commander; Joseph H. Haskell, S. V. Commander; Chas. Chase, J. V. Commander; Wm. S. Howe, Surgeon; Otis C. Farnham, Officer of the Day; Orin S. Haskell, Adjutant; Samuel J. Robinson, Quartermaster; Stephen H. Mosher, Officer of the Guard; Virgil D. Sweetland, Chaplain; Frank J. White, Sergt. Major. The installation ceremonies were preceded and followed by the rendering of several patriotic selections by the Universalist church choir, Mrs. Levi Greeleaf, Mrs. Charles H. Sawyer, and Comrades Otis C. Farnham and W. H. Faunce, Miss Nellie M. Lancey, organist. After the installation ceremonies, highly interesting remarks were made by the Mustering Officer and by several comrades, after which the comrades present with their wives and the invited guests repaired to the Universalist church vestry where an excellent oyster supper was served. The festivities of the occasion were closed by a dance at Grange Hall, for which excellent music was furnished by J. H. Haskell's Quadrille Band.

WEST WATERVILLE ITEMS. Our correspondent writes: Mr. James Shorey, an old and unmarried resident, who for many years has lived alone, was found last Saturday forenoon, paralyzed, and lying upon the floor, where he had probably laid all night. He never spoke after he was found, and died Sunday. His age was eighty-eight years.——Hon. Israel Washburn delivered the last lecture of the course last Tuesday night; subject—"Some of the Laws of Success in Life." The lecturer commenced by saying that Disraeli has said that to be successful, a man must be thoroughly acquainted with himself, and with the times in which he lives; and proceeded to show the truth of the statement. Some of the noted characters in history were shown to be most conspicuous failures when tried by the rigid laws which govern success. The lecture was one of the finest Lyceum lectures ever given here, and was replete with most timely and practical advice to all who aim to make a success of life.——The Monument Association are making arrangements for a levee, to take place in February. Plays have been selected, and as it has been several years since the Dramatic Club have been upon the "boards," a good levee may be confidently looked for.——About 15 inches of snow fell in the last storm—one of the heaviest falls we have had for years.

RURAL GRANGE, VEAZIE—INSTALLATION OF OFFICERS AND SUPPER. A public installation of the officers of Rural Grange, took place last Tuesday evening. A large number of members with their friends, at 7 o'clock assembled around the tables which were loaded with every kind of food that could tempt the appetite, having the appearance of a large and happy family. Supper over, the officers for the ensuing year were installed as follows: Master, C. M. Freeman; Overseer, E. Harthorn; Lecturer, F. M. Weston; Steward, G. B. Marden; Asst. Steward, S. A. Harthorn; Chaplain, A. W. Reed; Treasurer, J. B. Skinner; Secretary, A. J. McPhetres; Gate Keeper, J. Smith; Ceres, Mrs. H. E. Smith; Pomona, Mrs. S. M. Gilpatrick; Flora, Miss C. M. Weston; L. A. S., Mrs. I. Harthorn. This is the fourth or fifth time Mr. Freeman has been reelected Master of this Grange, showing that he is appreciated at home as well as abroad. It is the universal opinion of members of the order throughout the State that Rural, under his administration, is the model grange of the State, and the good influence it is exerting in the vicinity cannot be over-estimated. He evidently feels that he is greatly indebted for his success, to the hearty and generous assistance of every member associated with him. At the close, remarks were made by Past Master J. C. Little, of Brewer, and Worthy Master Freeman, and all left for home in the most happy frame of mind.

PENOBSCOT CONFERENCE.

Semi-Annual Session in Brewer—Second Day.

The morning prayer meeting was lead by Rev. Mr. Chapin, of Vermont, and was very interesting.

Rev. S. L. B. Speare then discussed and and explained the new "Bible Revision." He removed the doubts and fears from many minds.

The question of the forenoon was then opened by Rev. E. C. Crane, who discussed the "Church as a Social Force." His address was full of life and thought.

President M. C. Fernald, of the State College next spoke on the "Church as an Educational Force." He spoke of the church as being the basis of all educational influence and the church itself as an educator.

Deas. C. A. Bailey then spoke on "The Church as a Spiritual Force." This is the real force of the church and the others are only incidental to it.

The whole question was then discussed by Revs. Speare and Redlon and J. S. Kimball.

The forenoon session then closed with singing and the benediction by Rev. Mr. Speare.

AFTERNOON.

The Conference sermon was preached in the afternoon by Rev. C. S. Sargent, the opening exercises being by Rev. H. A. Freeman, of Oldtown.

The ordinance of the Lord's Supper was then administered, Revs. Speare and Denio officiating and Deas. Duren, Richardson, Savage and Lumbert distributing the elements.

A vote of thanks was then on motion of Rev. A. J. McGown given to the Brewer church and people for a most generous hospitality freely given, and was replied to fittingly by Rev. C. A. Beckwith.

The Conference having in the forenoon adopted the report of the nomination committee, T. G. Stickney, chairman, to meet in Orono in June, then adjourned, and after singing were dismissed with the benediction by Rev. S. L. B. Speare.

The Conference was one of the best that has been held for years and the churches were quickened and helped.

THE INSANE HOSPITAL.

Annual Report of the Trustees and Resident Officers.

The trustees and resident officers of the Maine Insane Hospital have made their annual reports to the Governor and Council for the year 1880-81. At the opening of the year there were 419 patients in the hospital and at the close 430—the largest number at the close of the year ever recorded. A few applications were refused owing to the crowded condition of the wards. Under the head of hospital accommodations the trustees say that they found that the appropriation made by the last Legislature was not large enough to erect a building such as was necessary, and therefore decided it was best to erect none at all until the situation was passed upon by the Legislature. The trustees are of the opinion that a suitable building can be erected without a special appropriation, from the income of the hospital, if they are allowed to do the work without restriction as to cost or limit as to time. During the year very extensive repairs have been made upon the hospital building, lawns have been laid out, graded and grassed, and a fountain, flower beds, walks, seats, play grounds and arbors provided. A small greenhouse has also been erected.

In accordance with the suggestion of the legislative committee that the number of patients in charge of a single attendant was too large, correspondence was opened with the best regulated hospitals and it was found that eleven patients to an attendant was the average number. With few exceptions this proportion existed in the Maine hospital. Where the number exceeded in eleven a new attendant was added. The other suggestion of the committee that the temperature in some of the rooms might fall too low at night in severely cold weather, was found on investigation to be unfounded, but to avoid all risk in this direction it has been arranged to increase the temperature of the exposed rooms without raising the temperature of the wards. Improvements have been made in the bathing rooms and many desirable modern appliances introduced; the ventilation has been brought nearer to perfection, the system of telephones has been extended and one hundred and seventy-nine wire mattresses have been provided. The farm operations have been about the same as in previous years and further measures have been taken to utilize the sewage of the hospital.

Considerable space is devoted to a discussion of the water supply and its sufficiency for sanitary and fire purposes. A full history of the works is given and the trustees believe that the supply of water is now large enough to guard against all contingencies.

During the year Mrs. M. J. Clough has been engaged as a nurse in the female department. From motives of economy the medical staff of the hospital has been reduced by dispensing with the assistant physician, Dr. E. C. Neal. The trustees refer in complimentary terms to his work in the hospital and his skill and efficiency. The report is endorsed by all the trustees with the exception of that part refering to the water supply, from which Mrs. Quinby dissents.

SUPERINTENDENT'S REPORT.

Dr. H. M. Harlow, the superintendent, reports that there were 419 patients at the beginning of the year, 213 men and 206 women, and there were admitted during the year 101 men and 87 women. There were discharged during the same time 88 men and 83 women. Of the discharged 57 had recovered; 33 improved; 43 not improved; 38 died. Of the 57 who recovered 35 were on the first admission, 13 on the second, 8 on the fourth, 2 on the fifth and 1 on the sixth. The average age of those who died was 49—the youngest 23 and the oldest 84. One had been in the hospital 30 years. The causes of death were: Consumption, 9; chronic insanity, 9; shock paralysis, 7; epilepsy, 4; paralysis, 3; exhaustive mania, 2; paralysis of the heart, 2; apoplexy, 1; dropsy, 1.

The assigned causes of insanity are as follows: ill health, 83; intemperance, 16; masturbation, 16; domestic affliction, 9; critical period of life, 9; over exertion, 6; religious excitement, 6; decay of age, 6; epilepsy, 6; lewdness, 3; puerperal, 3; loss of property, 2; apoplexy, 2; disappointed affection, 2; pecuniary embarrassment, 2; injury of head, 2; sunstroke, 2; ill-treatment of husband, 1; syphilis, 1; erysipelas, 1; spiritualism, 1; suppressed measles, 1; general paralysis, 1; paralysis, 1, unknown, 56.

The civil condition of those admitted during the year is as follows: 36 men and 42 women married; 58 men and 29 women single; 9 widowers and 14 widows.

Since the hospital was opened in 1840, 5,544 patients have been admitted and 5,108 discharged. Of these 2,145 recovered; 997 improved; 901 not improved; 1,065 died.

The superintendent discusses at some length the causes and treatment of insanity. One of the principal of the former is the use of alcoholic stimulants. He lays much stress upon the moral treatment of insane.

REPORT OF THE STEWARD.

The report of the steward, Mr. C. B. Lakin, shows that the total recepts during the year were $92,854.42 and the expenditures $75,496.99. The net profit from the farm operations was $6,386.54.

LITERARY NOTES.

SCRIBNER'S MONTHLY will perpetuate its custom this year of issuing a "Midwinter Number" of peculiar beauty of illustration and a wide range of interest. The most striking popular feature of the number will be the beginning of Mrs. Burnett's "Fair Barbarian"; the most valuable artistic feature will be a richly illustrated paper on one of the most remarkable of American artists, John La Farge. This will, indeed, be the first fully illustrated study of a painter who is widely known both at home and abroad, and whose work has ranged over many fields of art—illustration, the painting of flowers, landscape and historical subjects and church decoration.

It was on the Burlington Railroad train, and politics had given way to theology, and the young man with the turban hat had the floor, and was denouncing the old-fashioned idea of hell. "I tell you," he cried, "man was never intended for such a fiendish punishment. Nature never made me for kindling wood." "Reckon not," said the old parson, back near the stove; "too green." He didn't go and elaborate and explain what he meant, but somehow or other everybody seemed to understand him, and the conversation gradually drifted back into politics.—*Burlington Hawkeye.*

The Old Family Physician at Fault--Dr. David Kennedy the Successful Surgeon.

Money is the universal necessity, and none but a cynic or a fool will affect to despise it. Mr. Abram Elsworth, of Port Ewen, Ulster county, N. Y., had realized this truth. His disease involved the whole of his thigh bone, and the suffering man looked forward, not without apparent reason, to death as his only deliverer. His family physician refused to amputate the limb—asserting that the operation would kill the patient on the spot. Dr. David Kennedy, of Rondout, N. Y., who was consulted, held a different opinion and amputated the limb. The Doctor then administered freely his great Blood-Specific FAVORITE REMEDY to afford tone and strength to the system, prevent the return of the disease, and Mr. Elsworth remains to this day in the bloom of health. This gentleman's disease was the offspring of foul blood, and Kennedy's FAVORITE REMEDY purified the blood and restored to him the power once more to enjoy his life. Are you suffering from any disease traceable to this same cause? Try Favorite Remedy. Your druggist has it. ONE DOLLAR a Bottle. Bear in mind the proprietor's name and address. Dr. David KENNEDY, Rondout, New York. Jan6 d&wlm

THE TRUSTEES OF THE
MASSACHUSETTS HOMŒOPATHIC
HOSPITAL
Make this Public Appeal for Aid.

It is desired to enlarge the Hospital building and to add to its facilities for serving the community.

The work of the Hospital has been steadily increasing since its foundation in 1871. During the past year a larger number of persons than ever before have been received into the building, and the demand for the treatment of free patients is now more pressing than at any previous time.

The need of larger accommodations for the various departments is very great. It is deemed by the Trustees to be a matter of absolute necessity to add to the Hospital building a surgical ward, a lying-in-ward, and a children's ward; and funds are also imperatively needed to maintain the work at its present point of efficiency and success.

The Trustees hope that the friends of the Hospital and all who have any knowledge or experience of the benefits that it has conferred, will answer this appeal with the same generosity that was displayed at the time of its foundation; and that liberal donations and annual subscriptions will be given to meet its immediate requirements, as well as to greatly increase its means and opportunities for usefulness.

Subscriptions and Donations may be sent to ISAAC [illegible], Treasurer, 28 Summer street, Boston, Mass.
